- Data structures, Algorithms, Big O notation

Software

- Excel, Word, PowerPoint
- Keil, Quartus/ModelSim
- Visual Studio

Personal

- Motivated, Passionate, Tenacious
- Curious, Learner
- Team spirit

INTERESTS

New Technologies

I am passionate about new technologies. My personal projects regularly include and make use of new softwares, libraries and frameworks, which helps me stay up to date with modern trends and technologies.

Music

I practiced and studied music in a conservatory for almost 7 years. This helped me develop a taste for creativity which I often use today when working on technical projects.
